

Musical Saints

To play this version of musical chairs:

1. Print off the attached pictures and cut out the name cards. Fold the name cards in half, if desired, and put in a bowl.
2. Tape each picture to a chair. (Chairs are to be set in a circular fashion, and there are to be enough chairs for each picture unlike the normal version of musical chairs. There are 8 pictures attached, and it's extra fun when there are extra chairs as opposed to one less. This doesn't mean that you need to use all eight.)
3. The little saints march around the chairs while the music plays.
4. When the music stops, each child sits on a chair. The person in charge takes a name card out of the bowl and reads it aloud.
5. The child sitting on the chair whose saint's name was called, is the winner of that round.
